## Nature-Min®

Your body can benefit from nutrients locked deep in an ancient seabed, because four percent of our body weight is comprised of these minerals. Since our bodies can't manufacture minerals, we have to obtain them from our food or supplementation.

Forever Nature-Min® is an advanced, multi-mineral formula using new bio-available forms of minerals for maximum absorption. It provides minerals and trace minerals in a perfectly balanced ratio for maximum efficiency. Using a mineral base of natural seabed deposits, Nature-Min provides most of the key minerals found in the human body.

Minerals in the body perform three functions:

1. Some, like calcium, phosphorus and magnesium, are constituents of the bones and teeth.
2. Others are soluble salts that help to control the composition of body fluids and cells.
3. Minerals, such as iron and hemoglobin, perform other vital tasks. They work with enzymes and proteins, which are necessary for releasing and utilizing energy.

Forever Nature-Min® is an excellent way to ensure that your body is getting the minerals and trace minerals it needs to meet the demands of a healthy, balanced lifestyle.

### Supplement Facts

Serving Size 6 Tablets

Servings per Container 30

	Amount Per Serving	% Daily Value
Calories	5	
Total Carbohydrate	1g	<1%*
Dietary Fiber	1g	4%*
Calcium (Dicalcium Phosphate)	1000 mg	100%
Iron (Ferrous Fumarate)	18 mg	100%
Phosphorus (Dicalcium Phosphate)	665 mg	70%
